I lived in the same ward as Anna Whitton while growing up. Oak Hills First Ward was the greatest ward ever! I remember Sister Whitton as a wonderful, kind, sweet woman who loved everyone and they loved her!!!! ❤■❤■❤■❤■ I send my love to the Whitton family.

Dear Family, My heart is full of love and gratitude for your remarkable Mom. Elizabeth and I were friends so long ago when you lived on Locust Lane and then when you moved up to 1450 East beautiful home. Every time I was in your home you delightful Mom always made me feel special and valued as a cherished friend. At this tender time of her passing, may you be blessed with abundant memories of all the sweet experiences you have been so privileged to have as her special family who got to call her "Mom". Best family ever.

I remember Sister Whitton with fondness. She was an amazing Young Women's camp leader. She patiently scolded us when we caused her and Sister Clark way too much stress. Thanks to the family for sharing such great tributes at her funeral.
