I am writing this for my Mom, Lorna Woodruff Squires Robinett, who still thinks of and misses her friend Barbara. She didn't know she had passed away. (She currently suffers from progressive dimentia) What great memories they made as young girls. My Mom was the one who kept in touch with all five of her besties making sure they all got together throughout their adult years, Barbara, Sandy Williams, Jeannine Namelka, Jean Baumgarner and she shared many laughs at their girls day outtings. Barbara was a fantastic lady . What a great tribute to her. Love to you Barbara! From Lorna
