I heard yesterday of the passing of another old sailor and friend of mine and Mike's. When we apprenticed, Mike and Dave Bess were the sailors, there were a few soldiers and two of us Marines . That was our bond as young apprentices . I bought Mikes old chev 1 ton van and it served me well . I believe it was a 1980 . I'm sorry we lost touch and I did not know of his passing . Having heard of Dave Bess's passing yesterday, I figured I'd check on old friends I'd lost touch with . Mike was a great man ! "Fair winds and following seas brother" ! May God bless and comfort all that mourn, bring them peace ! I will see you in the next life ! Semper Fidelis ! Jack "Murph" Murphy
