Throughout my 27 years as a member of the East Millcreek Lions Club Al Woodmansee is one of those stalwart figuresi admired. Always friendly, always supportive and serving. I'm grateful to work in Lionism with him and his wonderful example. I am grateful for my knowledge and the knowledge I know he also held of the wonderful reunion he is now experiencing.

What can I say to sum up such an amazing human who I was blessed to have in my life for far too short of time. First and foremost he was a class A storyteller. He had a wealth of knowledge and could tell the best stories. No matter what the conversation was about he always had a totally interesting and unique story. My boys and I laugh often about his sense of humor and the way he liked to break out into song about whatever we were discussing. We remember certain stories when a topic comes up reminding us of a story he had told us. We appreciated his baking, even his experimental stuff like his tomato soup cookies, ha ha. I loved how he had a unique way of connecting with others, putting a smile on their faces and making them feel special. AL was many things, a fellow Lion, a friend, and a mentor but most of all he was a kind soul that brought light to those who were fortunate enough to know him and I will miss him with all my heart. AL - I am happy that you have found peace, give Gladys a squeeze for me.

To my Cousins, I have many memories of Uncle Albert. Yes, he was funny and a tease, but Albert touched my heart too. Holidays spent at Grandma Annie's and Grandpa Bennie's where all our families gathered sharing love and good food. Christmas visits from Albert (Mr Claus) and Gladys (Mrs Claus). On my wedding day in City Creek Canyon Albert and some of his sons pitched up a tent for my dressing room. These things uncle Albert did because of kindness. Uncle Albert and I connected in a special way later in my life through the Lions Club where he delivered transplant tissue that saved my sight. Sending you love and wonderful memories of your father.
