We are so sorry for your loss! I don't recall if we ever met Grandma Shaffer, but I see Susan in her smile and her eyes! What a wonderful life she led and raised a beautiful family! I am sure that she is finding joy in that she is with her husband and the children that predeceased her. Our love to all of you!

- Heather Richards

Our first response is the joyful reunion in Heaven! Oh, Happy Day for her to be with Ralph and Carol!! And too, her gift of calm love lives on in us as a beautiful star to follow.

- Elizabeth and Todd Stevens

Our prayers are with you. May you know that we are thinking about you. That was so great that you took care of her in her last days. Love your neighbors.

- Lynn and Sharon Livingston

Sending love and light to Andrea and the whole family. She's forever a part of each of you.

Dear Shaffers, We loved watching your family grow when we all lived on Hubbard Avenue. Your mother and father were valiant, sweet, talented and so kind. They were so proud of each of their children. We send our love and sympathy at this tender time. Colleen and Rob
