

Alice Creer Young Marsh

October 7, 1931 ~ May 13, 2023

Alice was a lovely woman. She was always so friendly and kind. She always took time to talk to my mom when she saw her. My mom Julie Alder Anderson enjoyed spending time and talking with Alice. I hope the Moyle cousins are having a joyful reunion on the other side. Even though it is hard missing them here.

- Kathy Banks

I got to know Alice when she had Stocking Feat, which was a wonderful shop. I was an elementary principal, and she kept me in socks that delighted my students. Subsequently, I would run into her at Emigration Market. It was always a treat to be around her. She was indeed a very special woman.

- Marilyn Copeland

I have such loving memories of Alice when I married into the family of the many Moyle Cousins. She was warm and welcoming and we had many talks of the importance of family and honoring family history and our brave ancestors. I always appreciated her welcoming smile at the many luncheons for the granddaughters of James H. Moyle. She was a fun person, but also a very wise woman.. I have reflected on her advice and wisdom given to me over the years. What a wonderful reunion is taking place. Love you Alice.
