We at Highland felt as though Joan et family were our family as well. She was just a quiet little thing. We so enjoyed getting to know her et having the pleasure to have her here. We will all miss her greatly, as well as her family, especially Jon, who loved to call for updates whenever I sat down to eat, It never failed. Thanks Jon for keeping me on my diet. Our love et prayers go out to everyone.

Jan, Jon and Jill, Sims and I were saddened to hear of Joan's passing. I have many fond memories of Joan and the family get togethers and although it has been a long while since we saw her in person the memories are strong. We send you our deepest sympathy and condolences. Sims and Gary Foulks

My deepest sympathies. My sister (Barbara Ferris) was married to George Moyer. You may not know, but Barbara passed away last August after falling down the stairs. It was certainly unexpected. She and our whole family loved George. She missed him until the end.
