I’m so sorry for your loss. He was such a great guy and I’m thankful for knowing him.

I met Brad as I called him when I was in high school at age 16 and I went to Mt Morris high school and I believe he graduated at Clio high school a year before me. I met him and he was a very sweet guy.we went together for about 2 years and he always had a twinkle in his eyes ..I am so sorry and shocked at his passing suddenly. I'm so sorry for his Mother Sherry whom I cared about so much . And to all his Children and Grandchildren which sounds like he loved ❤■ all of you very much.Im very sad for myself as I found Brad a couple years ago on Facebook and we caught up on each other's lives. He always treated me so good and we would go out and have fun together..we would go over to his Mom Sherry's and her husband George and have dinner and play games.. I can just see him smiling and joking around like he did ..I think of him every now and then but I feel terrible about his passing. He had a lot of friends and family that loved him ■..I am just so sorry I couldn't have seen him again and sweet Bradley RIP ■
