

Alva Jerry Butler

March 8, 1934 ~ September 23, 2020

Anne and family, We are sincerely saddened to hear of Jerry's passing. We first met Jerry in the late 80s when we volunteered for "Wool on a Small Scale" at Utah State University. We were inspired by his energy, enthusiasm and support of Anne's love and interest in the Fiber Arts. In later contacts with Jerry we were always impressed by his knowledge, in so many areas, and by his willingness to share that knowledge and to always continue learning. To us he is the epitome of a 'learned gentleman.' With love Bob and Jenny

I am so sorry, Anne, for your loss. This Covid thing has given me time to think about the people in my life who influenced me to go to College. I worked under Jerry at Loring AFB, Maine from 1965 to 1967 (I am now 76) in Household good claims and Hospital Recovery cases. He was a very hard working, articulate, explained things to me, gave good advice and loved his family. You probably don't remember me but I remember his love for snowmobiles while in Maine, and (don't fault me for this) but as I recall you had the prettiest blue eyes; and I think one of your kids did, too. So God Bless you as you think about many happy memories of Jerry and may he now rest in peace. God Bless!
