I was so sad to hear about Brian. When I knew him he was a goofy skater kid with greasy hair at Utah State. We were freshman and he and Scott were my roommates and my best friends. They even let us come to their weekly “Big Salad Night” at Angie’s. I was thrilled when I heard he had decided to serve a mission. I loved reading about the life he had for the past 25 years. Although I hadn’t seen him since just after his mission he is a big part of my most favorite memories. May God bless him and his family.

We are deeply sorry for your loss.

Brian will be sorely missed. We were neighbors and friends growing up and I was very sad to hear of his passing. What an incredible life he led in his 47 years, it was so nice to read his obituary. So glad he met the love of his life and had time with her and his family before his passing.

If I could tell Brian one thing, it would be to thank him for never being annoyed by my friendship. He will live in my heart forever as an example that people can love me.

- Kelsey Berteaux

I am so sad to hear about Brian’s passing and wish I could be there to mourn with his sweet family. I will always remember Brian as my childhood best friend. Countless sleepovers, and days spent playing. He is a great man. My sincerest condolences to his family.
