To the dear family any friends of sweet, sweet Teri. I am deeply sorry for all of us to have lost this beautiful woman. If ever there was a bright light of love, kindness, joy and hope in this world it was Teri. I miss her deeply and love you all.

My dear friend, you called me Thursday evening, the night of your passing. If only we had known. You sounded great and were your happy, loving self. We planned to meet at the mall the following week like the "good old days" where we spent many a lunch hour! I have so many fond memories of all the years working together at Sandy City. Halloween was a favorite holiday and the costumes and chili lunches were truly a joyous occasion thanks to you. You have a heart of gold and treated everyone with kindness, love and respect. Thank you for your friendship, hugs, laughs and overall thoughtfulness to me and everyone you knew. I love you. Gina

I will always miss you my bestie. We have been friends since the 6th grade about 60 years ago. We had dance lessons together and shared boyfriends stories. We laughed at our silliness and shared our secrets. It will be hard not to hear your voice and be able to call when we needed pedicures and do lunch. Part of my heart went with you and a big hole is left in the universe. So my friend fly with the angels and enjoy your family that prepared your way to them. I love and will miss you.

- Rebecca Bonner

You are one of the kindest souls I have ever had the good fortune to know. The world is a dimmer place without your bright light. Rest In Peace dear lady, we will miss you.

What a loss to us all. What a fine spirit that could always lift my mood no matter what I was facing. Your the best and will be missed by many.

Teri was a mentor to me as a professional and as a human being. She lit up a room and could relate to anyone. She was kind and generous and beautiful, inside and out. My daughters always remember the Halloween parties put on by dear Mrs. Wiggins and Teri's grandaughter spent many a "take your daughter to work day" with my daughter. She just made everyone feel at home and loved as I am quite certain she will do forever and ever. May the Lord grant her family peace and comfort until she can hold them all in her arms again.

Oh our sweet crazy lady as Mike used to call her because she had so many beads & trinkets to make jewelry. She will be missed. She taught me how to make jewelry. We loved her & Dennis.

- MaryAnn Carter

To Dennis and family....we are missing Teri along with you.....our heartfelt sympathy goes out to you all! - Oh, Teri...the last time I saw you was a few weeks ago when you stopped by to say "hi". Can't believe that was the last time I would see you. I enjoyed so much working with you at Sandy City for so many, many years. It was so fun to walk over to the PD to talk to you...we had so many conversations about anything and everything. Loved your Halloween costumes and famous chili! Holidays were so fun when you were around! You are so loved by everyone and will be deeply missed! Rest in peace, my dear friend! Love, Rosalie

Dear Angus Family, What fond and fun memories I have with Teri! From the age of 14 to 22, I worked as an Explorer and a Dispatcher with Sandy Police. Teri was my second Mom, since I spent more time at the police station than at home. Teri knew how to balance the seriousness of our work. She was serious when she needed to be and such a crack up and a tease when she could. I still remember the picture on her desk of the Angus cows. Sending my love to a wonderful soul who helped shape my life in such a positive manner. Ken Cozzens

My sincere condolences and prayers for Dennis and the family during this most difficult time. Teri was such a beautiful person both inside and out. Her smile could light up the world, and her sweet spirit will continue to fill the hearts of all those she touched never to be forgotten.

To my sister, my friend, my protector, my biggest champion, my hero. I always aspired to be the kind and loving woman that you are. Because I cannot be at your farewell service, I'm grateful for this opportunity to tell everyone a few of the acts of love and kindness you constantly showered me with throughout my life. Where do I start? You were the oldest, I the youngest. Although I called you sister, you were in fact a second mother to me. When I was a single mother, struggling to put food on the table, you showed up with a case of SpaghettiOs (which you knew were Cody's favorite), a case of ramen noodles, and $20.00 :) When I went through a difficult divorce, you met me at a park so I could cry on your shoulder. You told me one day I would meet my knight in shining armor - someone I could sail off into the sunset with. You were so happy the day I married Scott. You called him my knight in shining armor. You loved the hugs he gave <3. I loved that your face would light up when I came to see you at work. You always called me your "little lovey-dovey". You constantly let me know you were proud of my achievements with my chosen career in law enforcement. I always reminded you that without your encouragement, support and love, I would never have survived my first years in law enforcement. You have affected so many lives in a positive way, dear Teri - you'll never truly know, my dear sister. I could go on and on with lovely memories of you. But I shall end here, and one day meet you in the park where we sat long ago, and I cried. This time my tears will be for you. Always, forever and ever, your little Lovey-Dovey. Patty
