Dear Shirley, Petra and Brigitte, We are staying close to home because of Covid and will miss seeing you at your mom's viewing. We wish you and your families a time of reflection and memories. We so loved your mom and speaking a little German with her. I am happy to have been able to see her and you just before she went to Sunrise. I have happy memories of serving with her in a Relief Society presidency, taking her to Market Square to buy chocolate, and chatting at her kitchen table. Whenever we drive past her home, we think about her and miss her. Love to you all as you say Goodbye. Gordon and Kathie Gygi
