Dear Linda and Brad and Jill and Rachel and Kirsten, my heart goes out to you for your loss. I sure love your beatiful family. My family and I will keep you all in our prayers. Love you! Maria

Tracey was one the strongest advocates for her patients. Working alongside her was an honor. She was dedicated to the care and support of my clients and was willing to go into the “trenches” with me many times. Her genuine care and thoughtfulness in supporting the populations we worked with is hard to come by. A powerhouse and advocate you always wanted on your side, Tracey will be greatly missed. Sending my love and greatest condolences.

I knew Tracey as a colleague through work as well as professionally as a patient during a hard time in my life. She was exemplary in both areas and I was proud to call her a friend. My heart breaks at this news. My condolences go out to her family and friends as well as colleagues. She is now and will always be so missed. Thank you Tracey, for being the You that you are. ■

This is so heartbreaking. She was my labor and delivery nurse for my little boy. She was so friendly, kind, patient and explained everything so well to put our minds at ease. It was also fun to find out that I knew her parents as we lived in the same neighborhood. Linda, Brad and her family, you are all in our thoughts and prayers. Praying God can send you some comfort and tender mercies during this difficult time.

I'm so deeply sorry for your loss. Life seems the darkest when we grieve and even darker still when we grieve for someone who is taking from us too soon. Tracey is definitely such a beautiful and warm, compassionate being, your loss will never go away, but take comfort in that knowledge that you got to know her and love her and she you, and that's always such a special God-given gift. God bless

Tracey was not just a friend but a sister to me. She was a remarkable person who touched the lives of many with her kindness and generosity. She was my mentor and biggest cheerleader while I was getting my NP. I will sincerely miss the phone calls, the text messages, the brunches we shared, and the jokes we shared in L&D. My heart aches with her loss, and my thoughts are with everyone who loved her during this difficult time.

Brad, Linda. & the girls, I wanted to share this memory with you. Tracey always seemed larger than life to me when we were growing up. She had a sunny smile and was quite adventurous! I remember getting in trouble several times while visiting Aunt Barbara's house and hanging out with her and Becky in Lance's room (without his permission!). My heart and prayers goes out to you all during this time.

I am so heartbroken to hear of Tracey's passing. She was so much fun, listening to her stories and the never ending endeavor's she was planning. The people that she has touched in her short life, are better just to have known her. The kindest and her sincere desire to help those in need was always first and foremost in her heart. I will miss our catchup sessions, new adventures and most of all her laughter. May Her Memory Be Eternal..... LeiAnn Bathemess

Tracey was a very kind and caring soul. She was a great person to know. She was always a friend that you knew was there to help you and had your back. Her kindness had no end, she was always just wanting to help people. And she did, she helped so many. More than she knew. And she was so smart, she had so much knowledge and insight to give to everyone. I hope wherever she is she is at peace now, as she provided peace and love to so many during her time here. Love you Trace you'll be missed■
