

Beverly Joyce Clark Johnson

May 29, 1931 ~ June 2, 2024

My sincere condolences. She has always been an elegant, kind, intelligent, caring person who will be missed. May she rest in peace. Our hearts and prayers are with her her beloved family.

Beverly and I were close cousins with deep love for one another. I lived in CA, but when there was a Clark family reunion, my parents and I attended many of them, and Beverly and I would be together. I am a healthy 98 year old with loving, remarkable and choice memories of my dearest Uncle Russell and Aunt Ruby Clark, parents of Beverly who were very close to my parents, Elmer and Rose Clark, and to me. Beverly was a true example of a caring, loving and a very special daughter of her Heavenly Father. I shall always love her and her parents., whom I knew so well. I am happy to know where she is, and may her family be blessed.

Beverly and Dale have always been important figures for the Smith family. And several of their children were the same age as Nick and Marion Smith’s children. We enjoyed how swapping, trips, skiing and times in the mountains together. I have fond memories of both of them over the years. Dale and Beverly Johnson were my parents best friends. Towards my parents later years in life, they both died in 2019, I regularly accompanied them to dinners and music events with The Johnsons. Beverly was always so curious, compassionate and beautiful. My childhood crush at the age of eight was Dale Johnson. I wanted to marry him. I still remember perfectly how he skied. They were a loving beautiful couple. Their service to the world was valuable and important. They will be missed and remembered with love ❤■

Your family is in my thoughts and prayers. I have great memories of Dale and Beverly coming to Idaho to visit my grandparents (Don and Ellen Clark). Beverly was always so nice to visit with.

Beverly and Dale were life-long friends, confidants and soul mates to my parents, Evalyn and Wallace Bennett for 70+ years. Their love and support for my parents and our family was always present. As a child, I always felt their genuine love and concern. I always appreciated their sage advice and interest as I moved into adulthood. Beverly and Dale were an amazing couple with a beautiful joie de vivre that I admire and cherish. I will miss them both.
