

Beverly L. Turnbow

March 28, 1928 ~ March 24, 2021

It is of great sadness to learn about our dear friend Bev's passing. We have known the Turnbows for 57 years when we moved next door to them and have been great friends ever since even though we've lived in different places & states. We've enjoyed taking many special trips with them: golf outings, parties, playing cards & games or just getting together & visiting. If you mentioned a trip they were ready to go. How fortunate we were to have been special friends for so many years. A trip to Salt Lake to visit family wouldn't have been complete until we stopped by the Turnbows to visit & reminisce. Bev, we'll miss you so much & Dale, we'll continue to come visit you. We send our heartfelt sympathy & love to all of the family. So sorry we aren't able to come to the services but we'll definitely watch on Zoom.
