I met Scott through my friend Rock Cerant senior year of high school (2013). I was going through a rough patch at that time with my parents divorce going on and other normal teen stuff. The first time I hung out with Scott I felt a kind of warmth that no other friend has ever shown me. Through the years we became very close and I looked up to him as he became sort of a mentor to me. I was able to share with him thoughts and feelings that I told no one else because he would simply listen. I remember Rock and I would surprise him at his high-rise in Hyde park where we would relax, make food, and come up with our own lyrics to songs! Those are the days and memories I will never forget. Rest in peace Scott. Love you brother! Thanks for everything you taught me over the years. Can't wait to give you a hug on the other side!

My thoughts are with you and yours, some of my best memories are of the days we all lived in Utah. And your visits on the way to Sturgis were always high points in my life!! Blessed be all of you

Larry. Karen. and Sean , I'm so sorry for the loss of your wonderful wife -loving Mother and grandmother. I considered her a dear friend and neighbor. I'll always cherish our friendship and hope all the great memories you have together can sustain you till you meet again.
