

# Bonnie Rae Terkelson Bolduc

*August 3, 1935 ~ September 26, 2022*

---

My condolences go out to the Bolduc family. Bonnie was my neighbor growing up. She was such a nice woman and very strong raising her boys as a single mother. She also cared for her elderly mother. She was such a wonderful person. I find it curious that my father, Howard Bethers, passed away only days before her. He is also right next to her obituary on Larkin's Website :)

Bonnie was like a second Mother to me. There were many times I was there with the Bolduc's for family activities. They included me, and Bonnie was always so wonderful. Thanks Bonnie for the wonderful influence you had on me. May you feel the love your family feels for you at this time. To they family - May you feel the peace and love of our Savior at this time. The plan of our Father in Heaven is a blessing to each and all of us.

We express our feelings of sorrow at Bonnies death. We expected to attend the funeral today but health reasons did not allow it.
