Brad was the most capable and well-rounded Safety Director that I worked with during my 35+ year career. He was exceptionally competent, responsible and demonstrated unusually good character. I have followed his challenges and celebrated his achievements with cancer. He truly is a hero in my opinion! He will be missed by many and I am one of them. He is my friend!

faith and his love for your family and held to his principles which is what I respected about him most. Prayers for you and your family from Al and Alexi Carli

- Rick Chandler

My thoughts and prayers are with you and the family. Brad is an awesome partner as we worked together in the Health and Safety field. I remember one of our first encounters, he shared his past serving as a strength and conditioning coach. He provided me guidance that aided me in navigating my work out routine. That lead to 100 lbs. weight loss . We spoke a lot about family, faith and strength. Our last conversation will always be remembered... "spend the time with your family...I mean that". Brad was a Titian in the health and safety field, he got it. He understood how to coach and lead. He had a way with people and was able to motivate regardless of the circumstances. I will celebrate his life and pray these words bring comfort to the family!

It’s hard to capture the entirety of Brad’s impact on my life, personally and professionally. Not only did Brad teach me so much about the world of safety, but he constantly emulated how to focus on what matters and to do so with integrity, passion, and enthusiasm. Brad’s commitment to his family, faith, and community lives on and I’m grateful to have been a part of that world. My thoughts and prayers are with you all.

Was so sorry to hear about Brad. He was a great person. I remember spending time together as youth in the 10th Ward. He was an awesome artist. Vicki and I have 2 of his watercolors and have enjoyed them through the years. They at one point were given to my parents from Brad and we were lucky enough to acquire them. I wish all his family the very best life has to offer. This is a great loss. I am sure he had some rough times. Definitely a bitter/sweet situation. May the Lord bless you all.

Our family’s aloha and sincere condolences to Brad’s family and friends. He was one of the kindest people ever; noble, brave, caring and filled with love and devotion to his family and LDS faith. It’s many lifetimes since his cousin, our roommate, introduced him to the islands. His karate fighting yet gentle painterly hands, his wry smile and chuckle, his white karate pants, his local heart - endeared all of us to him, 45 years ago. Brad loved the sand under his feet, the mischievous moments of island life, and painting watercolors of local life. One of our grandmother is a treasure. In his beloved UT, he taught us how to ski, his patience knew no bounds. The last visual of Brad was his waving proudly as he stepped off the plane from his mission in London, so happy to have successfully completed his mission. A few minutes later I said goodbye to him and his cousin in Seattle and dashed off to Honolulu, as he returned to his family and soon built a beautiful life of love, harmony, and faith, having the seven children he had long dreamt of having, and marrying the girl of his dreams. I miss Brad deeply and know he will be missed by everyone who met him. His brand of compassion is rare but happily his children and family likely live with this same love and compassion. Under the stars of Laie, he once proclaimed to not fear death, as he would one day be far beyond the sparkling stars, with his family elders and ancestors he’d never met. I imagine he’s found his way there. Sending our family’s aloha nui loa to BK’s family and friends on the mainland. Hawaii will continue to bless him as it has since he first left our shores, we will take solace in imagining the moon, sun and stars keeping him company, sparkling nearby his celestial heavens. Oute alofa tele ia te oe tele lava, Sina Michelle & family
