

Leland Stanford Larsen

March 21, 1939 ~ July 9, 2025

I have many wonderful memories of my time with Stan. Beginning with the two of us being in Bob and Carolee's wedding party. I thought he was a very handsome"older" man. Little did I know I'd be dating him 30+ years later! We had some wonderful times during our year together. He was interesting and very smart, so we had some great discussions. I was sad when it was over, but we communicated a few times through the years since. I envision that he is happily bringing his family up to date and exploring his new existence. I offer my sincere love and sympathy to Stan's Harmon nieces and nephew and their progeny and the Larsen extended family. May you be comforted that Stan is no longer suffering, and that he has that charming smile once again.

My memories of Stan---we were especially close after my brother Don died and we needed to help Jan with a number of different issues, we had many lunches and phone calls, I always considered Stan my go to in all things political and any thing to do with WORDS, he was my word guy and fortunately we were on the same page politically, I loved that he was always so well informed. Today it was lovely to hear of the many adventures he had as a young boy as well as the loving memories of the family. I loved knowing him, thank you dear Stan for being my friend. I will miss your phone calls. Barbara Felix Evans

Please accept our sincere condolences on the passing of Stan. Our condolences are belated due to family travel in the past several weeks, which precluded our attendance at the funeral. I remember my cousin clearly and had many interactions with him in earlier years. We served in the same mission - Southern Far East Mission for Stan and Hong Kong Mission for me. During his years in Asia, he visited me in Hong Kong while I was serving as a missionary over 50 years ago. Thereafter, whenever we met at family gatherings Stan would always have a smile, a few words in Cantonese, and we'd talk about Asia. I also had a strong interest in politics and enjoyed his observations and clearly remember when he ran for office. In later years, I was very aware of his tremendous care for my aunt LeOra, his mother. Dad and LeOra were close, and I knew had more contact with LeOra than anyone else in Dad's family. Stan was a wonderful person and absolutely will be missed. Our condolences to all of the

extended family. Robert and Anne Clark
