

Charlene Amy Jones Edmunds

November 3, 1944 ~ January 3, 2021

I send my deepest condolences to James and Charlene's entire family. She was truly a spirit that lifted everyone up. Her dedication to the medical field and her family, was just beyond Human Comprehension. I hope James can always remember all the good she did every where she went, and when Covid-19 settles down, we can all say, we missed our good-byes. James please contact me when you ca, so I can personally give you my deepest condolences. With Love and Great Appreciation to Charlene. May her life be eternal.
