I love and have always loved admired my Aunt Barbara and have cherished memories of her especially when Laura and I were teenagers spending time at their condo at Three Fountains. She was one of the hardest working and most dedicated teachers that I have known - working well into her 80's. She did everything for her family and loved them dearly. She was generous and good to them and they will miss her many phone calls to check on them. She was truly a beautiful woman.

Barbara was a dear neighbor. We enjoyed many wonderful conversations and laughter over the last sixteen years. Her warmth and helpfulness was always so appreciated. Barbara offered kind support to me as a single Mom over the years. My sincerest sympathy goes out to her children, Laura and Mark. She loved them beyond measure. Her deep love for her family was such an inspiration. We will miss her sweet smi l e and kindness. Rest in peace Barb!

To Laura, Mark and grandchildren and great grand-children: Barbara was an amazingly accomplished and resilient woman and her life's work is a true inspiration to me. I am sending deep condolences to all of you for her loss and I'm so glad that you have many happy memories to sustain you. Much love, Michelle

I am sorry for your families lost. I had Barbara as my second grade teacher in 2006. She was a wonderful person and I am grateful I got to know her.

I worked as a CNA where Barbara was living. She was truly a shining light. I looked forward to coming to work everyday, and seeing her bright smile. It was most sacred to me, and I will always cherish, that I was able to take care of sweet Barb right before she returned to Heavenly Father. Many nights, I sat by her bedside holding her hand. Barb liked the lights a certain way every night haha, and often I would have to turn every switch on and off tell it was just right. She loved calling Laura, and those pesky telephones would never work so she would always ask to use my phone. Everyone loved Barb, and it was always a fight who got to sit by her at the dinner table. To Barb's family, sending so much love and prayers. She talked about you guys all the time, and she loved you with all of her heart. I love you barb, and I know you're watching over all of us■
