Blane & Knight Family, So very sorry to hear of the passing of your dear Mom. I remember her from when Blane & I worked together at Mountain Bell. She was such a sweet person! Please know that you are each in our prayers.

We loved and appreciated our mom, Barbara. She set a wonderful example of being a supportive wife, a hard worker, and a devoted mom and grandmother. She was a wonderful cook. She was famous for her delicious pancakes, cookies and tapioca. We appreciated all the meals she prepared and shared with us. She took time to make yummy treats to share at special occasions and she always made extra so we could continue to enjoy them even after we returned home. Mom was a wiz at pinball. We all loved to play Fun House as a family with her. The entire family would gather around the machine and spend hours laughing as we would try to top her score! She would make holidays special. Her Christmas trees were always decorated beautifully and she would painstakingly adorn them with icicles. Mom also enjoyed music. She would play her records on her record player so we could enjoy them too. The Kingston Trio was one of her favorites. She was so excited to receive a beautiful grandfather's clock when she retired from the phone company. This was a well-deserved gift. She truly was a talented, reliable and dedicated employee at the same time making her husband, children and grandchildren her first priority. An example of her dedication included typing records and keeping a history of scouting including pictures. This is a cherished keepsake. Mom, you have truly inspired us through your example to work together as a team and to be supportive spouses! Thank you for your love. We miss you terribly, but we have faith we will be reunited again and look forward to that day! Keith and Gwen
