

Barbara Snow Unsworth Webb

January 13, 1923 ~ May 1, 2023

Grandma was the absolute best. Some of my favorite memories are of grandma babysitting me when I was little, and then me visiting her in St. George. She was a true example to look up to. She lived a very long life and loved her family dearly. She will certainly be missed.

As my brother Morgan says, wevshould do our best to be pleased with Barbara's graduation. Undoubtedly, she is in a better place with no more suffering or strife. She's enjoying reunion with those who preceded her including several of her brother, Melvin W. Thornton's family. Our prayers are with you.
