Thinking about you and your family with a very heavy heart. No words can express.

- Glenn Sands

Our prayers of comfort are issued to you and you family

- Del Bigelow

Ty and Ellie, we are so sad for the loss of your sweet baby Clay. We've been praying for you and your extended family and want you to know of the love we feel for all of you.

- Brent and Becky Peterson

What a sweet tribute, and the knowledge you have for where this little one is. Sometimes these paths are hard, they are hard, but what a wonderful blessing that you got to love and experience Clay for the months you did. We wish you peace and love as you feel his presence around you. There are others on the other side helping you get through this too, let them. Search for gratitude and live the life he'd want you to live.
