Dear Sandi and Family, I am very saddened to hear about Kim. He is my very dear friend and I will think of him often. I worked closely with Kim for about 25 years. We lost touch some when I retired in 2012 and we moved to Texas for a few years, but I saw him last October and we had a nice discussion. He told me how much he was enjoying retirement and your cabin in Fruitland. During the time I worked with Kim we would talk at least several times a week, if not daily. He is absolutely one of best and kindest people I have ever known. He always had the greatest and most upbeat attitude, even when he was going through the health challenges a number of years ago. He always talked about how proud he was of his children and how lucky he was to have such a wonderful wife. He had many talents at work, including being a great manager, and he had the unique ability to build strong relationships with our customers and the people that he worked with. If we ever had a customer relations problem that needed to be fixed, we would call on Kim and he always fixed it. Everyone liked Kim and wanted to be his friend. I had the great pleasure of going pheasant hunting with him (and his dogs) once, and it was great fun. If I can ever provide assistance to you or your family, please let me know. With my deepest sympathy, David Peet

Dear Sandi and Family. I am so saddened to hear about Kim's passing. I worked with Kim for several years and I am glad to have had the opportunity to get to know him. Every time we had a meeting at the end we would discuss his family, cabin life, where he was going to place his game cameras and his many planned hunts. Kim was a go getter at work and I was grateful for that as it made my job easier and pushed me to be a better employee. As you can see in the picture, Kim had a wonderful smile and was very energetic at work. I was happy for him when he finally retired and knew he had many plans. Just sorry to hear it was cut short. I am certain that where he is now he will continue to fulfill some of his retirement plans. My prayers are with you and your family at this difficult time and I pray that you and your family will be comforted with the many wonderful memories of Kim.

My deepest sympathies go out to Kim’s family. I met Kim in a car pool in the mid 80’s. He was a wonderful person. He always had a smile and kind word to say. He used to regale us with stories from his rodeo days and always made us laugh. Throughout my career at Hercules (and various other names) I would see Kim occasionally and he always brightened my day.

I'm so sorry for your loss, my thoughts are with you during this difficult time. I had the pleasure of working with Kim for many years at ATK. My best memories are from our shared experience of working on a proposal team in Alabama. Kim was always a great resource and fun to be around. He made the long hours and being far from home less of a hardship. I miss his sense of humor and friendship. With sympathy, Guin Cummings
