

Donald Edward Ziegler

December 28, 1939 ~ April 12, 2020

Don, I didn't know you well because you moved into my mother's neighborhood long after I had left home. But you always showed kindness to my aging mother with neighborly gestures, such as rolling her garbage can out to the road for collection. Thank you for your compassion and for being a good neighbor. You will be sorely missed for those beautiful traits.

Loved spending time with Don everytime Sharon and Don came to visit. You will be missed and remembered by all who you touched. Sharon is forever in my prayers and heart. Don is now at rest with his heavenly father and other family.Live forever tell me meet again.

I knew Don in San Luis Obispo. We were in Institute classes together. He was kind to others and liked to serve. I will have all of his loved ones in my prayers.
