

Crysta Whittington

February 26, 1980 ~ October 3, 2024

I will so miss Crysta - she was a lovely business partner. Always focused on ensuring accuracy and a clear and consistent understanding across groups, she was proactive in reaching out and asking questions and ensuring the most complex projects were handled masterfully. Best of all, though, was her positive and joyful and light-filled presence. She was a gift in my life.

Crysta was so kind and loving, I’m so sorry for your loss. I’m grateful that I was able to meet her and feel just a small part of the light and warmth she brought to this world.

I had the pleasure to work with Crysta at Visa. She was amazing at her job and had the most calm and patient attitude, always eager to help everyone she worked with. On a personal level, it was so easy to connect with Crysta. She was the most wonderful and warm person. I enjoyed all of our chats about our mutual interests like yoga, the outdoors, and being a working mother. Once she nearly convinced me to move from Colorado to Utah with pictures of her stunning views of the mountains she shared. I am so saddened she is no longer with us, but she undoubtedly left a positive impact on everyone she met. I will truly miss her. My heart goes out to her family

and friends. I wish you all the best and hope you find comfort remembering all of the sweet moments you shared with her.

Crysta you've left us way too soon!!! I knew you as a sweet loving person, devoted to your family! Also I can never thank you enough for letting us be the 2nd home to sweet Brutus!!! He was the best pup ever and I hope you get to be reunited with him as I'm sure he's waiting to lick your face with lots of doggie kisses! Good-bye for now ...

Crysta was the best to work with and have conversations with about life. She loved her children so much, and I loved hearing about their lives and awesome achievements. She was always so positive and fun to be around. This is really devastating, and Crysta is gone way too soon. Crysta is going to be missed so much. Keeping her family and her awesome children, Kymbrielle and Damon, in our prayers.

I’m so sorry for your loss. I taught both you kids at St John Sunday school. I also worked with your mom at Harmons. I know how you feel loosing your best friend and sister. I too lost my twin Janet in Jan and it seems like just yesterday I was talking to her. God bless you and your family

I had the privilege of knowing her from the day I was born, and I was fortunate to witness her kindness and love throughout many phases of my life. She had a gentle spirit that touched the hearts of everyone she met, and her warmth and compassion will never be forgotten. I will miss her dearly, but I find comfort in knowing her spirit will always live on in the memories we share. My thoughts are with her loved ones during this incredibly difficult time. ■■■

Dear Crysta's family and friends I have not known Crysta long (although it seems a long time) For a couple of years we have worked together at Visa, celebrating the wins and good times and commiserating the often stressful roles we have, as well as (amongst other things) chatting about wisteria, British foods, UK vs US terminology, dogs and being mums to teens and we would always try and see the positives in things. To say I was horrified when I learned Crysta was poorly is an understatement, but I have no words for her passing, I am still in shock. What I gathered from Crysta is she loved her family especially her children, and I can only imagine how you are all feeling, I lost a parent very young and it is a really tough journey to navigate, but I wish you all the utmost love and support, and just really wanted to send a note to say she was a big part of my working life at Visa and my immediate team, I miss her, and I am sending all the prayers and wishes in the world to you all, as they say, Heaven has gained an angel Kindest regards Nicola
