I will miss Dan's humor and his laugh. I will miss his quite tone and the advice and council I received from him. Well done Dan, until we meet again my friend. your Brother, Alan

What a good man! May you find joy in the wonderful memories you made together and comfort in the knowledge that you are an eternal family. We loved seeing his patriotic and holiday-themed ties at church and enjoyed the insights from his life experiences that he shared in class. He will be missed.

Carolyn and the Goodsell family, I am so sorry to hear about my good childhood friend and neighbor, Dan's passing. I send my deepest sympathy and condolences to you and your family. We know that Dan is now free of all pain and sickness, but also that your hearts are breaking for his missing companionship and cheery personality. He was a great friend and neighbor and will be surely missed. My thoughts and prayers for you and your family along with his wonderful sisters, Sylvia and Joan.
