

Betty Elaine Gunderson Woodbury

November 14, 1925 ~ January 9, 2023

May God bless you and your family sorry for your loss■■

- Michael Holland

Big hugs to all the family. Walt and Betty were spiritual parents to me, a constant, eternal source of inspiration. All my love, Dave Busath

- David Busath

I'm so sorry to hear about Betty's passing. She lived a wonderful life. May the Lord bless the whole family with peace and comfort during this difficult time. I can't be there in person for the funeral, but will be there in spirit and will be watching online.

- Nancy Biehl

Betty lived a remarkable life. I feel a huge loss with her passing, I will deeply miss our cousin conversations. our discussions and exchange of information on Atkin family history. I learned a lot about the great accomplishments of th Gunderson family. Betty loved all her family deeply and shared her home with many grandchildren. We enjoyed talking about gardening and she was a master gardener. I know Betty was helped through the veil by Walter and that she is ion a better place. I love her so very much and extend love to all the Woodbury family. Love, Jordan Tanner
