I love you guys... Your family is awesome... Never met a Winfrey I didn't like and I'm sure Dave had a lot to do with that.

Dear Winfrey family, I am so sorry to see that my cousin has passed away. We had so much fun together during our years in Biggs living in farms almost back to back . We visited his parents and he and Gary often playing around and drinking his father Glen’s home made root beer. When they visited us my sister and I played with them in our large corn patch..Uncle Glen was actually my mother’s first cousin so David would have been our first cousin twice removed in genealogy terms . Our grandmother Nancy was a Winfrey, daughter of Reuben Winfrey. My sincere condolences to all the family and may God be with you all during this sad time. Cousin Cathy
