

Don F. Bradshaw

November 23, 1926 ~ December 3, 2020

Dan, I am so sorry your Father passed away. My prayers are with you and your family.

- Reed Thomas

What a great man and whole Bradshaw family! So very pleasant to be with. Good memories keep me smiling. What a pleasure to have known them.

I've had so much respect and admiration for Don and Jean throughout our professional association and appreciation for their friendship. I even have memories of Jean's mom in my family home when I was a teen. She was as warmhearted as Jean. I'm sad to hear of Don's death and offer my sincerest condolences.

I worked for your dad and grand dad starting in the early 1980's. Working at the farm made it possible financially to finish college. He taught me so much. In all the time i worked with him he never appeared to become angry with me, even though i created my share of disasters. He was always generous with his time and advice. i think of him and your mother all the time and ponder advice they gave me sitting at the green metal table eating hot dogs on saterday afternoon. I feel so fortunate that i was able to visit with both your parents at my nephew Trents wedding last Febuary before any of us had heard of corona virus. I will miss them.

I am so sorry to hear of the passing of Don. I worked at American I&I in the 1980s and always thought Don was such a wonderful, honest and caring person. My heart goes out to the family, especially Dan & Dave, whom I worked with, also.

- Susan Andersen Simpson

All, So sorry for your loss. Don was an awesome person and I so cherish the time that I worked with Don and you at American I & I. Thoughts and prayers to you all, Ramona

Words are hard to come by when trying to express our feelings of love, respect, gratitude and so much more in regards to Don. He truly served our family in many kind and generous ways over the years. He was always there for Craig after Jack died. He was an uncle, mentor, and employer with a loving concern for our welfare. After Craig's passing, he was there for me to advise and support with genuine concern. "If there is ever anything you need or anyway I can help, let me know", was a phrase he always extended at parting. I will forever be grateful to him and Jean for all the warmth and kindness they shared with us. He is truly a remarkable man and he will be missed and lovingly remembered. How privileged we were at Parklane, when Don & Jean Bradshaw moved in, and just down the hall from us! A cheerful, devoted couple, they left a happy legacy of love, modesty, and a steady capable concern for and service to others. When Jean passed, and COVID took our 12th Ward brethren who had been coming weekly to administer the Sacrament to residents here, Don willingly but humbly, accepted the call to serve with one other resident to bring their fellow residents the Sacrament as often as possible. Don was an elegant modest good man and kind friend whom we will miss, as we do Jean. Thank you for allowing us to zoom his fine warm memorial service and send-off., Bless each member of Don’s & Jean’s Bradshaw-related bunch as you remember them and honor their lives. Best wishes and Love, the Jordans, Jane & Bob

I will never forget Don as one of the many good-hearted, funny uncles in the Bradshaw Family. He was full of mischief and laughter, and always ready to lend a hand. He was a trusted advisor to our family and always made it a pleasure to do business with him, and with his family and staff at American Insurance. He will be missed by all.

- Judi Bradshaw Morrell & Familly

Don will be missed. He was great to work for and with. He had a good heart. Condolences to the family. He and Jean are together again.

- Cathy Wilcock

So Sorry to hear of Don's passing. He was a great guy.

- Scott & Linn Bradshaw

To the family of Don Bradshaw: I was privileged to know Don through the Salt Lake Rotary club, where both he and Jean became dear friends of mine. I always looked for them both whenever I attended meetings, and it was a joy to

see them. We loved to talk about skiing together, and he liked to remind me that he started skiing before turns were invented. He told me he used to go to the top of a ridge, then point his skis straight down hill, not needing to turn because the powder slowed down his speed. In a later era, when more people skied and the snow became packed, he had to learn to turn out of necessity. Alf Engen had the same problem, so he was in good company. And likewise, Jean was a marvel. She was someone I admired as a woman who figured out how to have a career in a male-dominated world. She was always gracious, friendly and fun to talk to. Such amazing people that I feel privileged to have know.
