

Bonnie June Beckstead

December 7, 1940 ~ November 9, 2022

I worked for Bonnie at the Aix La Chapelle Condominums for a number of years as a very young man. She was such a great boss and kind lady. She was like a mother to me during those days. Treated the employees and the residents with such kindness and respect. I'm saddened by her loss.

I am so sorry for your loss. Bonnie was such a big part of my childhood, her big smile and big heart always welcomed me into your home. I remember New Year's Eves, and she always gave us her coke bottles to go to 7-11■■I love you all and will miss her.

It was such a pleasure to get to know Bonnie, as my neighbor and friend. She had a great sense of humor and positive attitude even when the last while was rough for her. She will surely be missed.

So very sorry for your loss, Bonnie was and is an amazing person with an outstanding spirit. Since the night of her passing I have felt so bad that I had not seen her prior. But, every time I felt this way a huge smile would come to my face. This because I felt her example in my life and the love she showed me. What a great effect on my life. I am so grateful to have known her. Wendie and I express our love to you all. As well as my thanks and love to Bonnie.

I was Bonnie's home teacher for more than 20 years. During that time I got to know her warm, welcoming spirit and devotion to faith and family. She was one of the kindest people I ever met. I'm so happy that she is now reunited with her beloved husband Dean once again. Condolences to family and friends.
