Dear Renie, Our hearts go out to you at this tender time. We have always loved you and enjoyed any contact with Doug. He was a radiant, fun person everyone liked, and we surely did. We pray your special memories and wonderful family will help sustain you in the days ahead. We send our hugs. Oh, Renie, we just returned from Alaska & I viewed recent obituaries. What a shock to read one for your precious Doug. Feeling so very sad, I want you to know I have the fondest memories of our days at EHS with you and Doug, so handsome and fun. He always loved you so much! My heart aches for you. When my precious Robert James Wiseman husband died 5/7/64 after only 18 months after we married, my heart was broken--and has been during the past 56 years. Everyday I think of him--just like you will think of your sweetheart everyday and that's OK! So happy you had 60 years of successful, fun wedded bliss. Monday you no doubt had a wonderful celebration of his life. You've raised such a beautiful family! With our knowledge of the Gospel of Jesus Christ's "Plan of Salvation," we know we'll one day be with our loved ones again (according to our faithfulness, or course)--but I have every confidence this will happen for us both. I surely love you, Nadine (Nelson) & Terry Allen
