I haven't slept all night since I found out. Me and him use to do a lot of shit together. We both lived together for a long time. Knew him for almost 10 years. He was a good guy and a better friend. I don't know what happened and I shouldn't ask but it's been on my mind. He was doing so much better for a long time and I'm super proud of him how he turned his life around. Ever since I started battling my cancer we kind grew apart. It's been 2 years since I've seen or talked to him. I'm so proud of how far he has made it and I'm so glad that he did make it this far. I remember everything we did, we bought bikes together and rode everywhere together. He was the one to get me back on a motorcycle after my accident. My love and support goes out to all of his family and girlfriend. I'm so sorry for our loss and if anyone needs anything or wants pictures or stories I have them all.. love you buddy, rest in

peace and I will see you again soon!
