Thank you dad for giving me the love, passion and wonderful memories I have with you. I will always cherish our time together every deer season, grouse hunting trips to mud flats and the fly fishing days we spent together on upper weber river and going out to rock creek. Your legacy and passion for hunting and fishing lives on through your son's, grandson's, great grandson's. Rest in peace dad, Love Don

I'm sadden to hear of the passing of Larry. I will always remember the times he spent with my Dad (Ray) and uncle Mont and our families. May you all find comfort in the memories you shared with him. Larry RIP.

We are so sorry for the loss of your dad. We lived across the street from Larry for many years. He gave our kids popsicles whenever they came to his door. We always felt safer when Larry was watching over the neighborhood! We visited on his lawn many times and enjoyed the Sugarhouse fireworks from his back yard. Larry was truly loved by our family and will be greatly missed.
