We are so sad that Ron has passed but know he lived life to the fullest up to the very last moment. His testimony of the gospel and undying faith that he could find someone to introduce to the missionaries is what I remember about him. He will be sorely missed.

Dear family, Ron has been a huge blessing to so many people over the years. He has had a profound impact on the lives of many young athletes that will never forget the life skills and lessons he taught them. His generosity is epic. I love it when he would say that he had no intention of retiring because he doesn't have employees, he works with friends. His family is the major source of his pride and joy. You are his legacy and a testament to a life well lived. He is loving you still. We have been so fortunate to be members of his Harley Davidson family. Ron has a way of making everyone feel like they are the most important person in the room. Green jackets and over the calf socks being his favorite requests. We love he and Beth so much. Our hearts hurt, but we are so eternally grateful for the blessing of knowing him. God speed Ron, until we meet again... Frank and Michelle Jones and his entire Salt Lake HarleyDavidson family

Kellogg family, I'm saddened to hear about Ron. I was Blessed to meet Ron in 1989 after Matt returned from his Mission in St Louis. He was a Wonderful man who had a Very Caring Heart. Kris & Angie, I send my Love, thoughts & prayers. Beth, Will, Drew & Adam, I send my Love, Thoughts & prayers. Ron had the True knowledge of the gospel and i'm sure you all know who rewarding that was to him. I know Matt was there to greet him. May our Heavenly Father watch over each of you during these hard times.

What a fine man! Condolences to the family as we know many of them by the great legacy he leaves. The Spirit World gains a star while we lose a little light on this side.

Drew, I wish there were an appropriate way to express how sorry I am for your loss. Because you are so close to my first born, I have watched you both grow, triumph and struggle over the years. I have gloried with you in your successes and wept with you in your sorrows. You are both my hero’s and I love you both. I didn’t know your dad, but i am sure that he influenced your life a great deal by his work ethics, his devotion, and his love for his friends, the apples didn’t fall too far from the tree. Give your mom a hug for me. I just lost a brother a few weeks back to an accident so I know this was a shock. Shauna and I send our love Your friend Rex Ballou

- Rex Ballou

Ron was a very talented man who did much to help others. In the best of times and in the worst of times he always pulled things together.

"Uncle Ron" is an inspiration to many friends and family. When Mom passed 10 years ago, I flew out to Utah and Ron spent a good amount of time with us. He also steered me in the right direction in the insurance business. I will always appreciate Ron and Beth allowing me stay stay with them for the manager meetings. I never saw him ever

get tired of helping people. He truly loved his work. We are lucky to have had Ron in our lives. We love you! Don and Kathi Daggs

- Donald Daggs

“A mountain of a man” I will always remember him as. So many great adventures deer hunting and the valuable lessons learned in sales. Many times I find myself thinking, “I learned that one from Ron” Yes, he will be missed but his memory lives on and I am so grateful he was part of my younger days!
