Dear Bob and Camille -- I was so sorry to read about Julie's death but also so very happy and impressed with the things she was able to experience and the joy she brought. I know the fight has been long and difficult for all three of you. Diabetes is a dreadful disease. I was not aware of the deaths of your other children and express to you my sincere hope you have found peace. My son passed away two weeks ago and so I know of some of your sorrow. Thank you for the beautiful obituary and for letting us know what a talented woman Julie was. With love, Karen Matthews

I would just like to say that I'm incredibly sorry for your loss. She was a beautiful and bubbly soul. Thank you for allowing me to help make her comfortable. I will always remember that transport and you will be in my prayers.

Whitehead Family, We were heartbroken to hear of Julie's passing. We are both physical therapists at Encompass health rehab hospital and had the honor and privilege of working with Julie while she was in rehab. Her smile, positivity and spirit lit up every room. We can truly say she inspired us to be better people. We looked forward to each session with her and dearly loved visiting with her. The world has lost a little light at her absence but heaven became a bit brighter. Our condolences to your family. Julie will always have a special place in our hearts. Love, Connie and Angie

Dear Bob, Camille, and family, It is with great sadness that I have learned of Julie's passing. We didn't really stay in touch much with each other after leaving the "U", but I was fortunate to briefly reconnect with her from time-to-time over the years. Our most recent meeting was already 12 years ago when she graciously allowed me to talk her into, and escort her to, our 20th high school reunion. It was a wonderful evening, as were the meet-ups surrounding that event, and it was very nice to once again spend time with Julie, however briefly. In reading her obituary, I am reminded, yet again, what a positive, funny, caring, and impactful person Julie was, and how many different lives she affected for the better. Her challenges in life were manifold, and the way she took them head-on was inspirational. Julie will certainly be missed by all who knew her. My heartfelt condolences for your loss. Sincerely,
