Josh, I will miss the fun times we had together and you teasing me about fly fishing. Our 20 years went by to fast as I had hoped for more time. My heart is hurting knowing that I didn't get to say goodbye to you. I will take care of your Mom & Son's and help them on their journey in life as I know that's what you would have wanted me to do. When Matthew, is playing baseball it will remind me of the times we went to games together and cheered him on. We have many family memories to come and you will be in our thoughts on those days. You are gone but will never be forgotten as we all grieve thinking about you and missing some of the wonderful times we all shared together. May God bless you today and always as I will be looking for you when I pass the veil one day. God be with you till we meet again.

Josh was a great friend growing up as a neighbor in Green Valley. I remember growing up through Jr High and Josh School with Josh. We would spend countless days swimming and jumping on his trampoline. Josh was always willing to share all he had with those around him. I wish the very best for his family and two boys. Danny

I miss your calls and texts, many times a day. There is just such an empty feeling I can't explain. I hope you hear me when I talk to you and continue to argue my advice and hate how I try to control you, because that's just our way. I love you and always will worry about you. I just want you to finally find that happiness we all wanted for you. You were loved Josh by your family and friends, I hope you felt that and still do. I just miss you so very much. Dream big dreams. Mom loves you no matter what.
