George was a truly gentle and kind man. I''ll remember our hikes in the Uinta basin, with Captain, with discussions about Eckhart Tolle and the challenge of finding peace in life. My favorite memory of George is when we went to see the Drive By Truckers in SLC, at the Red Butte Garden—a concert that was cancelled after a surreal series of events (we arrived, a summer hail storm came out of nowhere and a wall of water poured down the ridge between the venue and where we parked). Anyway we escaped—and as always George took it in stride—he was just happy to hang out with a friend. Best to the family ■■

So sorry to hear of George's passing. I met him as a teenager after highschool, he helped me develop my love for BMW s, we had some great rides in his silver 3.0.cs I was so enamored with the fun he was having I finally got one about 20 years later. We had some great times working on his projects and drinking Gin and tonics , listening to the newest music. He introduced me to his wonderful family , Gil , Gerry, Dad And Richard mike and Susan. Got to meet his children. We had a lot of great times at the cabin and Birch. George was kind and went out of his way to help me when I was getting started in construction , he was a giving person and we had some great times jet skiing. May God bless George and his family at this time... ■❤■

We are so sorry for your sudden and unexpected loss. George was a good guy, and when we talked I enjoyed our conversations. We had an ongoing conversation about those pesky beavers that like to eat our trees. I know how much he loved his cabin and the serenity that came with being up here. We will miss George's big smile and conversations.
