Luci La Faun Howard Bray

December 24, 1920 ~ March 30, 2019

True to form, Faun, did it her way. At home, in bed asleep, she peacefully transitioned. 98 years on Earth she spent sharing her unique love. Her gift, such a precious gift that has blessed us all. She loved her family dearly. Although fiercely independent, her life revolved around her family. A talented artist, and miraculous gardener she loved sailing, boating, snowmobiling, camping and skiing.

We all feel so honored, so blessed, so fortunate to have been touched, graced, by your love. Your genuine, authentic, sweet, accepting, respectful, unconditional love is such a generous gift...exemplified by a beautiful, amazing woman.

Her love was always felt…in the thousands of card games, celebrations, holidays, birthdays and ordinary days. From Flaming George trips to Lake Powell and everywhere in between. Whether you were her son, daughter, husband, grandchild, great-grandchild or friend, YOU WERE SPECIAL. She made you feel special. Moreover, she mirrored to you, your specialness. This is a gift she gave, and in so doing, invited us to give.

We will continue to celebrate you, because we know you're here. In every smile on your grandkids lips, every hummingbird outside the window, every flower in the garden. In every round of spite-and-malice, every can of oysters in the stogat goods...everywhere there is love, you, and us are there.

We all love, and miss you so very much,

Your family

\"My mind still talks to you.

My heart still looks for you.

But my soul knows you're at peace.\"
