Patrice and kids... We are greatly saddened at Greg's passing and deeply sobered by the fact that one of our dear and long-time friend has left the Trucker's Association one short. We're all at that time in life when we see that graduation from mortality more clearly, and Gregie has stepped up to that plate to prepare and lead the way for the rest of us. We anxiously await the celebration of his life this coming summer, and look forward to putting our arms around you with encouraging faith and firm belief that he is progressing with that same wonderful personality and drive that he thrived on here. Oh, to have his insight now. Be at peace, kid. It's all part of the great plan. Your separation from him is only temporary. We belong to a Church with happy endings... :) You're loved! --Ron & Kathy Clark

I wish I had the chance to meet you, Greg. You upheld the law and the Constitution above political persuasion. Your granddaughter's the best thing that ever happened to my grandson.

- Paul

How can I say thank you, Gregor, for being such a fantastic, considerate, strong, fun-loving and caring brother from Day One? I was blessed with 3 extraordinary brothers, each born about 7 years apart. Each one of them had special qualities and gifts that I benefited greatly from. Now that they’re all in Heaven with Mom & Dad… I am reeling from something akin to “a disturbance in the Force”! All my love and respect to family and friends of this great man, as well! Godspeed, Gregor – Love you forever!!! Pam

Hello Warners, I remember some of Greg's one liners and always remember him being kind and generous. I have thought a lot about the challenges and obstacles that came from growing up with a paralyzed father and the stresses that were surely present. I am impressed at the fortitude each of the siblings developed to overcome, while still embracing the empathy and compassion for others. Greg's love was shown in his service and dedication to those that most needed and ally and advocate. We send our love and our best feelings and wish you the best memories of Uncle Greg. Love, Nick Warner
