

Carlye Kimball

August 15, 1947 ~ March 17, 2022

I will always be grateful to Carlye. She was quirky and fun, and a wonderful equestrian and teacher. I'm happy she is free but am sad she is gone. Condolences to Andy, her brother, and Jody, who was Carlye's friend for more than 60 years. She had so much courage in fighting MS, and I'm certain she has found all her beautiful animals and they are happily galloping through green pastures.

Hello, Andy, I knew Carlye when I lived in Salt Lake and worked for my uncle, Buzz Marden. I was a vet tech for him and we worked on her horses every year. She was always so nice to me, and she was friends with my dear friend, Jody Tuft. Jody kept me in touch with Carlye when she was in respite care and I always enjoyed sending Carlye funny horse photos to cheer her up! I'm so sorry she isn't here any more, but in my mind and prayers she is riding through Heaven with Vickie on all their favorite horses. I'm glad I had some time with her in my life, and will always remember her as a strong spirit and deep lover of horses.

Carley was my first English Eq trainer. She was fun to work with, albeit tough at times, but always kind & she cared about making me a better rider. My condolences to her family. I hope she’s once again riding all her great horses in heaven. Rest In Peace Carlye.

I remember Carlye, my beautiful cousin, from childhood, and in horse arena, and the ski slopes, and then in the last years, when she always kept up her spirits, and was always a joy to see or talk to. I'm sure she is now in a better place.

I remember Carlye fondly as a childhood neighbor and a friend. In our long shared driveway, she taught me how to ride a bicycle. Later, she taught me the basics of riding and caring for a horse at the Cottonwood Club. I've never forgotten her kindness and generosity.

Seeing so many names that bring back wonderful memories on this page today, it's with sadness that I find out Carly has moved to a better place. After losing track of so many beloved friends, the memories of our childhood are still so dear to me. I'm a bit younger than Carly but I too have MS. We personally discussed our symptoms together in the early days. I loved Carly and the time we spent together with our horses and of course we'd let Andy tag along. I miss you both very much! I will always carry you in my heart with much love.
