Harlen was the first member I met when I started working at America First Credit Union. He, wearing his jeans, boots and neckerchief, introduced himself and asked if I had ever met a real Montana cowboy. I replied that I married one from Glasgow Montana. That conversation began a seven year friendship. I always looked forward to seeing him. Harlen called me his girlfriend, but admitted he told his wife about me. I am honored to be among his

friends. The funeral was lovely. Know that I continue to hold you all in my heart. Much love, Becky Stahl ❤■

He was awesome teacher and coach, roamed the streets in Fort Yates, making sure his basketball players weren't out running around. I was a 1961 graduate. He outlived many of his students and sports players. Buster McLaughlin, Red Gates, Jerry Runninghawk, Donnie Blevens and more. Also remember his beautiful wife Ms Erickson. It looks like he lived a good life. Bless him and wife for all the good they did.
