

Carol Ballantyne Gaines Spencer

April 21, 1934 ~ October 17, 2025

Carol had SUCH a sweet spirit and brought a smile to everyone's face when she entered a room. She loved her children fiercely. Her children were the best caretakers who loved her immensely. We are sending so much love to her family and her husband through this difficult time. Love and Light!

We had the privilege of living across the street from Carol and Sid on Laird Avenue for thirteen years. We're so grateful for the time we shared with them. I also served as a visiting teacher with Carol. I admired her faith and loved her stories. Those visits are gifts I will treasure forever. Bob and I send our condolences. We know how much you will miss her. Love, Char Nelson

Our dear Sid and family, We have loved, respected and admired you, Carol and your family since the year 1970 when we moved into your ward and neighborhood. We have missed seeing you on a regular basis as heretofore, and have often reflected on the wonderful service you rendered together at the Veteran's Hospital. The beautiful photo in the obituary tells so much about Carol and her goodness. And Sid, I have longed to be with you on the golf course once again. We know that you know the parting is temporary, and we bear witness to you that your relatiionsip with your beloved wife and mother is eternal in natire based on the individual covenants you have made with the Lord and those you have made with Carol and with each other.
