

Carol Pickett Stringham

July 15, 1933 ~ December 24, 2020

What a privilege and honor it is to have been part of Carol's mortal journey! Carol was my "Mormon mom" who has blessed my life in a million ways with everything she taught me! Really, every good thing in my life right now I owe to Carol and her influence on me at a time when I really needed a mom! I have to say I am happy that she is done here. I imagine her meeting the Savior, being held in HIs arms, and hearing the words, "Well done, good and faithful servant!!" Remember that on the other side there is a great family reunion and much rejoicing! This farewell and our separation is their reunion and homecoming! I love picturing your mom and dad together again! Carol is having the time of her life! Keeping that thought is what helped me going through this with the death of loved ones. Love to you all! Kerry Weaver
