Dear Joan, My Mom called to tell me about Dave. I am so sorry and send my love to the family. I will always treasure the fun times on Harvard Ave being with your family. Dave was always teasing us. He made so many fun memories for all of us. I know the family continued to grow, but i can only remember Josh, Katherine, and Susannah. I am so grateful for the great friends you guys were to me. It stopped my heart when my mom told me the news. You were both so pivotal in my junior high and high school years. Lots of Love and memories from a long time ago. Barbara
