Bonnie was a wonderful lady and will truly be missed by many. I enjoyed working with her and appreciated all of the support that she provided to teachers, students, parents and administrators at Glendale Intermediate School. We all knew that we could depend on her to make a positive difference in the culture of our school. She was a powerful and supportive matriarch, and I know that warm memories will always be a beacon of light for future generations. Frances P. Battle

I haven't seen Bonnie for years and years. We met and became best friends the summer before 7th grade and into our Sophomore year of South High at which time I moved and we went our separate ways. I was at her house constantly and knew her Mom, Dad, Siblings and Grandparents who lived across the street. When Elvis was first appeared on the Ed Sullivan Show back in 1955, we were together at my house watching him for the first time. I remember that my parents were so shocked to watch us scream, clap and dance with Elvis. I remember the day after her Dad died. I remember sitting with her on her front porch as she talked about him, how how much she would miss him and how much she loved him. I loved being with Bonnie! She was a fun person. I am so sorry to here of her passing. I would have loved to have seen and talked with her again. I saw her last at a South High reunion about 25 years ago. I looked for her at the last few reunions, but she was not there. I loved seeing her picture. She looks like the Bonnie I knew 65 years ago, only a little older, same smile and eyes. It sounds like she had a wonderful life, family who adored her and she loved them. My condolences go to her family and loved ones! Maxine Eldredge
