Thank you Jan for being an amazing example in so many ways! The world lost one of the very best people in it. So many people are blessed to have had you in their lives. So sorry for your loss Gordon.

I met Jan for the first time earlier this year and find myself wishing I could have gotten to know her sooner. Jan and Gordon warmly welcomed people into their home. I loved hearing the story of how they met and fell in love. By the time I met Jan she was really struggling physically but her love for the Lord, her devotion to living a Christ like life, and her love for her family stood out clear and strong.

Dear Gordon and family, We are praying for you until you are together again. Jan is our example of how to be a light of Jesus Christ. She was my favorite Sunday School teacher. We always enjoyed having you come visit our home. Together you have established a beautiful legacy of love. We love you!

I don't know what it is like to lose a mom, but I know what loss feels like. To me when I feel the loss of someone, it is numbing and then on a random day I start tearing. The feeling never completely goes away. It is something you live with and through time you will be able to balance your life, little by little. I send out my prayers and the best to you. In the name of Jesus Christ Amen.

So very sorry for the family’s loss of their dear loved one. I will definitely miss our lunches together when I come to Utah. We had several discussions about the Lord. She was a special lady! I watched the service and enjoyed the

testimonies of everyone, especially Tina’s. I also enjoyed the singing by Tina, Laura and Jolene. My prayers will continue for the Lord’s comfort to the family.

My mother, Phyllis (Wilhelm) Crandall was her good friend. I reached out to Jan a few years back to hear more from her about my mom as my mom passed away when I was 13. Not only did she meet with me but she also invited others who knew my mom. It was a special night for me and I really appreciated her kindness. Sending sympathies for your loss.

I had no idea Janet had passed. I loved her so much and was thinking about visiting her and then I saw the obituary. She was always so good to me and always focused on me and all my good attributes. She was so loving and supportive such a wonderful person . I remember as a child we used to sing together when the family would get together at a park or somewhere. Her family was very Musical and our grandpa Whitley left a legacy of his Musical Talent which was carried on by Janet and her brother Dan. I was also a blessed with the gift of music music. Janet definitely left a legacy of her life. I believe she was an Earth Angel. Much love to you Janet as you progress into higher realms. I know without a shadow of a doubt that you and your family will be together again.
