Dear Jen and family, We were so sad to hear of your mother's passing. From reading her obituary, we can tell that she was a very talented woman who lived and loved well.

It's been since high school that I've seen or talked to Catherine. I gre w up with . We attended Curtis Elementary, Clayton Junior High, and Highland High School together. As well as Monument Park 3rd Ward. I always remembered her as excelling in cooking and sewing class, many we took together. I wish I could be there to express my sympathy in person, but 44 years ago I moved to Illinois, where I still live today. Please know that my prayers and thoughts are with her family and friends at this time. With deepest sympathy, Mindy Bleyl Harmon

Catherine was always kind to me. I was in awe of her mothering and organizational skills. When I lived in Utah, I remember getting perfectly iced and decorated cookies. I was amazed how she could do that being so busy with "little ones". When I think of Catherine, I smile.

I have so many wonderful memories being with you. We loved the lunches in your backyard. And you had such a wonderful family. Love to you and your family.

When my Oma, Margaret Burger, died we spent time around the funeral at Lud and Catherine's house. I was 5 and Catherine was such a comfort. She had us make brownies. For the first time since hearing about Oma's death I was happy and a wash of guilt came over my little heart. It was my first experience with death and I was afraid being happy was disrespectful to the dead. Catherine pulled me into her arms and we talked about it. She talked me through my big feelings and truly provided comfort. Our lost loved ones want us to be happy. I will forever remember her loving kindness. Catherine made this world a better place. She is greatly loved and will be greatly missed.
