We are deeply sorry for your loss Clint and family. Although we didn't know her Catherine sounds like an amazing woman who was loved deeply by you all. May you find peace in your memories . . . they will be a part of your heart forever. With love, Sally and Susan

Kimberly, I am so sorry to hear about your mom. But we have to be happy about one thing that she is with Betty now and they can be together now after so many years. If you need anything you let me know. Love you Lisa
